Allen Edwards Primary School

## Community Newsletter October 2020

Dear Neighbour,

**Re: Allen Edwards Primary School, Studley Road**

We are pleased to advise the initial phase of this project to construct the new School building is complete, with staff and pupils taking occupation of their new building from the start of September term.

We are now into the next Phase of the project, demolishing the old school building and forming the new playground, including a Multi Use Games Area. We will shortly be commencing the hard demolition of the old school building. Whilst noise and dust suppression will be implemented, we apologise in advance for any disturbance that may be caused. This element of the works will be complete mid-November, after which we will proceed with constructing the new playground. The overall project will be complete in March 2021.

### Hours of Work:

08:00 – 18:00 Monday to Friday  
8:00 – 13:00 Saturday

The project has achieved a Bronze award in the Considerate Constructors Scheme 2020 awards for our work in reducing the impact on the local neighbourhood along with engagement with the local community

Kind Regards,  
Kevin Hendley
