**English lessons:**

Within the Year 2 curriculum, reading and writing are integrated so that children read texts and develop reading strategies which enable them to:

- Develop background knowledge linked to a context
- Extend and immerse the children in subject specific vocabulary
- Provide a purpose and meaning for writing

This is achieved through the teaching of reading objectives across a year, which are differentiated through teaching texts which become progressively more difficult as children move throughout their school journey.

- LI: To increase familiarity with a wider range of stories.
- LI: To identify recurring language in stories and poems.
- LI: To make predictions about a text using information they have gathered about the book.
- LI: To sequence key events in a story.
